## **1. Introduction**

The **Integrated Disbursement and Information System (IDIS) Online** project is sponsored by the Office of Community Planning and Development (CPD) within the Department of Housing and Urban Development (HUD). IDIS Online is a real-time, web-based computer application that provides financial disbursement, tracking, and reporting activities for the CPD formula grant and American Recovery and Reinvestment Act (ARRA) grant programs. Its primary purpose is to enable HUD grantees to drawdown program funds and report on the activities and accomplishments outlined in each jurisdiction's Consolidated Plan. IDIS Online provides timely performance information regarding accomplishments achieved with use of program funds, pursuant to the Government Performance and Results Act of 1993 (GPRA) and the specific requirements of the formula programs administered by CPD. IDIS Online is used by the following grant programs:

- Community Development Block Grant Program (CDBG)
- HOME Investment Partnership Program (HOME)
- Emergency Shelter Grants (ESG)
- Housing Opportunities for Persons with AIDS (HOPWA)
- Tax Credit Assistance Program (TCAP)\*
- Homeless Prevention and Rapid Re-housing Program (HPRP)\*
- Community Development Block Grant Recovery Program (CDBG-R)\*

\*American Recovery and Reinvestment Act (ARRA) grant program.

### **1.1 MicroStrategy Reports and Data Download Functionality**

IDIS Online uses a tool called MicroStrategy to generate reports. MicroStrategy is fully and seamlessly integrated with IDIS Online. Reports will pop-up in a separate browser window.

Once you are in IDIS Online, you can perform all the same functions you used to do in the Legacy IDIS system, plus now you can view, print, and save reports easily with fewer steps. For instance you do not need to FTP files; reports simply pop up in a browser window.

## 2. Accessing the IDIS Online Application

This section describes how to log into the IDIS Online web application.

See the following section, *Running Reports*, for step-by-step procedures accessing the IDIS Online reporting capability and running a report.

### 3. Running Reports

This section first describes how to run a report that does not require input parameters, and then describes how to run a report that does require input parameters; also you will learn how to retrieve reports from your History List.

Before running a report, you should know:

- A daily refresh of data is done at night—so if you make any changes to the data in the IDIS Online application, those changes will not appear in the report until the next day.
- Many of the reports consist of more than one part.
- Each report part must be run separately.
- Reports may take longer to execute initially in MicroStrategy compared to IDIS Legacy, however, all further manipulation and formatting of the report will be easier and quicker for the user in the new IDIS using MicroStrategy functionality.
- One of the many improved features MicroStrategy report execution has to offer is that the report execution combines the multiple separate steps a user must complete in the IDIS Legacy application. For example, in IDIS Legacy, a user must run the report, download the report from a separate FTP site, and format the report.

#### 3.1 Running a Report Without Input Parameters

1. Log in to the IDIS Online application window as described in *Section 2, Accessing the IDIS Online Application*.
2. Click the **Reports** link in the menu bar.
  - For **Grantees** only, the **Report Parameters** page is displayed:
    - Not all reports require parameters.
  - For Headquarter (HQ) and Field Office (FO) users, the **Report Parameters** page is NOT displayed. Instead, the window shown following Step 3 appears.
3. Click **View Reports** in the left menu.

- Click the **Shared Reports** name or icon.

The **Shared Reports** folder displays a folder for each of the predefined reports.

- Select the **folder name or icon** for the report you wish to run.

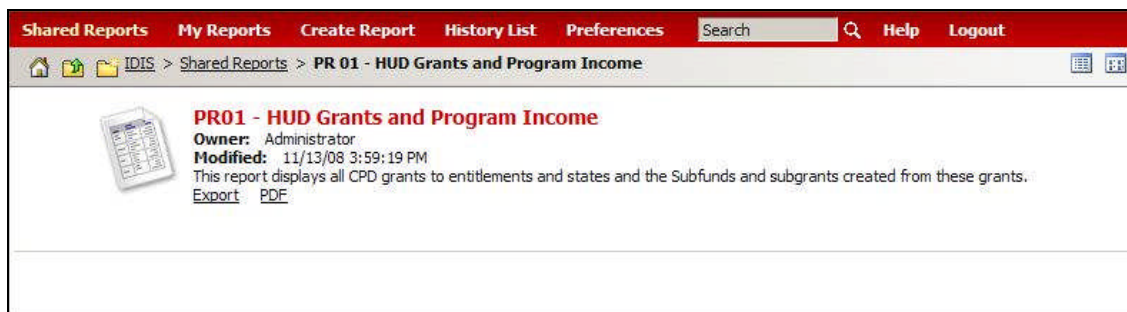

The following example shows the **PR 01 – HUD Grants and Program Income** folder.

The selected folder opens and lists the available reports. Based on the nature of the report, a report may be broken down into multiple parts.

- In the following example, the report shown, PR 01, only has one part.

- If a report has multiple parts, each part is listed here as a separate report.
- Each report part must be run separately.

7. Select the desired report part to run.

You may see the following message indicating to "Please wait..." while the system is Processing Request. In the image below you will notice there is also a Cancel button to stop the report from running.

The **Prompt** page is displayed. It allows you to select the entity for which you want to run the report.

## Scenario 1 – Headquarter (HQ) Users

The example described below assumes the user has logged in as a Headquarter (HQ) user. HQ users may run a report for any Field Office (FO) and/or any Grantee.

1. Select the plus symbol in front of the HQ box shown in the screen below.

A prompt will appear with the text **All**.

2. Select the plus symbol for the **All** prompt.

A prompt will appear with the text **Field Office**.

3. Select the plus symbol for **Field Office**.

The Hierarchy will display the list of all the Field Offices.

4. For those reports which are designed to produce a field office version, select the desired Field Office and select the arrow pointing right. Only one field office at a time should be selected and run.

Your selection will appear in the **Selected:** box to the right.

For those reports that have built-in reporting by Field Office, (example: PR80, PR85), the Run Report selection will produce report data for the Field Office selected in the **Selected** box to the right.

5. HQ users also have the ability to run a report for a single Grantee.

Select the plus symbol next to the desired Field Office name.

A prompt will appear with the text **Prompted Grantees**.

6. Select the plus symbol for **Prompted Grantees**.

The Hierarchy will display the list of all the Grantees in that Field Office.

7. Select the desired Grantee name and select the arrow pointing right.

Your selection appears in the **Selected** box to the right as shown below.

The screenshot shows the 'Prompted Grantee Hierarchy' selection screen. The 'Available' list on the left includes Buffalo, Caribbean, Chicago, and a 'Prompted Grantee' section with various grantees. The 'Selected' box on the right, circled in red, shows 'Prompted Grantee: 407966:ADVOCATES FOR ACCESS'. The interface includes a search bar, a 'Match case' checkbox, and 'Run Report' and 'Cancel' buttons at the bottom.

The **Run Report** selection will produce report data for the selected Grantee in the **Selected** box to the right.

**Hint:** Since there are many grantees to a single field office, you can also use the “Search for” feature at the top of the prompt screen to look for a specific grantee. Enter all or part of the grantee’s name. Uncheck the “Match Case” check box. Click on the “magnifying glass” icon. The system will return a list of all grantees within the field office that match the search criteria you entered.

## Scenario 2 – Field Office (FO) Users

The example described below assumes the user has logged in as Field Office (FO) user. FO users are limited to selecting only Grantees which fall under the purview of their Field Office.

The HQ box will still appear even though you are logged in as a Field Office.

1. Select the plus symbol in front of the **HQ** box shown in the screen above.

A prompt will appear with the text **All**.

2. Select the plus symbol for the **All** prompt.

A prompt will appear with the text **Field Office**.

3. Select the plus symbol for **Field Office**.

The Hierarchy will ONLY display the Field Office for the user logged into IDIS Online.

4. Select the plus symbol next to the user's Field Office name.

A prompt will appear with the text **Prompted Grantees**.

5. Select the plus symbol for **Prompted Grantees**.

The Hierarchy will ONLY display the list of Grantees in that Field Office.

6. Select the desired Grantee name and select the arrow pointing right.

The user's selection will appear in the **Selected** box to the right.

The Run Report selection will produce report data for the selected Grantee in the **Selected** box to the right.

**Hint:** Since there are many grantees to a single field office, you can also use the "Search for" feature at the top of the prompt screen to look for a specific grantee. Enter all or part of the grantee's name. Uncheck the "Match Case" check box. Click on the "magnifying glass" icon. The system will return a list of all grantees within the field office that match the search criteria you entered.

### Scenario 3 – Grantee Users

The example described below assumes the user has logged in as a Grantee user. Grantees are limited to select only their own Grantee name to run report data.

The HQ box will still appear even though you are logged in as a Grantee.

1. Select the plus symbol in front of the **HQ** box shown in the screen above.

A prompt will appear with the text **All**.

2. Select the plus symbol for the **All** prompt.

A prompt will appear with the text **Field Office**.

3. Select the plus symbol for the **Field Office**.

The Hierarchy will display ONLY the Field Office for the Grantee logged into IDIS Online.

4. Select the plus symbol next to the **Field Office** name.

A prompt will appear with the text **Prompted Grantees**.

5. Select the plus symbol for **Prompted Grantees**.

The Hierarchy will display ONLY the name of the Grantee logged in.

6. Select the Grantee name and select the arrow pointing right.

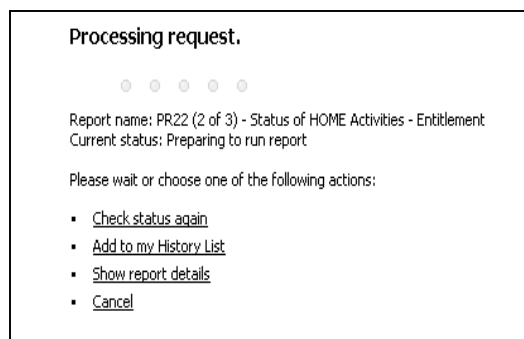

The user's selection will appear in the **Selected** box to the right.

The Run Report selection will produce report data for the selected Grantee in the **Selected** box to the right.

Once you have made your selection, it will appear in the **Selected** box to the right.

8. Click the **Run Report** button.

You may see the following message:

The report results are displayed.

**Hint:** if a report is taking a while to run and you want to leave MicroStrategy and work on something else, you can click on “Add to my History List”. The report will continue running while you are away. When you return, the report can be retrieved from your History List as described in Section 3.3.

## 4. IDIS Online Reports Interface

This section describes the user interface for running IDIS Online predefined reports.

### 4.1 User Authorizations

Your IDIS user name is linked to a specific authorization level in IDIS. Unless you are an IDIS system administrator, you have the general user authorization. General users are authorized to **run, display, customize, save, export, and print** any report that is available in the **Shared Reports** folder.

### 4.2 IDIS Reports Home Page

You will use the following features the most often:

- **Shared Reports** – Displays the predefined reports. Anyone with access to IDIS Online is authorized to view, customize, save, export, and print these reports.
- **My Reports** – Every IDIS user has his or her own location to store reports that have been customized to meet specific needs. When a report is saved to **My Reports**, only the authorized user can access it.
- **History List** – IDIS users have the ability to run and store report results in their **History List** for future retrieval. This enables users to refer back to the report several times throughout the day without having to re-run the report.

Some reports may take several minutes to run. This feature allows you to have your report continue to run if you decide you would like to perform other activities in reports or IDIS while the report is running.

- **Preferences** – Allows users to customize various features of the reporting application.

Although the report looks like it is an Excel file, the report is still displayed as a web page in your Internet browser and not actually saved as an Excel file. You must complete all of the sub steps in the next step in order for your report to properly display later.

5. Save the report:

- From the **File** menu in the browser window displaying the report, select the **Save As** option.
- In the **Save As** dialog that appears, locate and open the folder where you want to save the report.
- Enter a name for the report in the **File name** field.

6. Select **Microsoft Excel Workbook (\*.xls)** from the list of file type options.

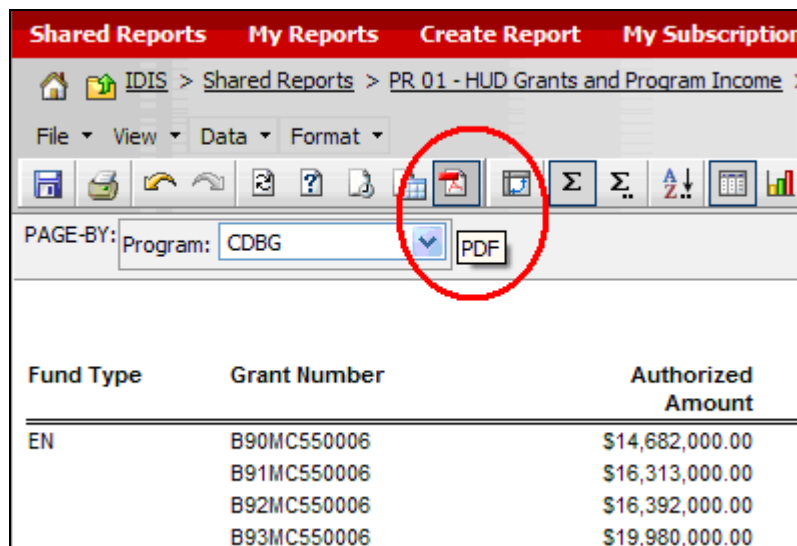

7. Click the **Save** button.

The report is now saved as an Excel file.

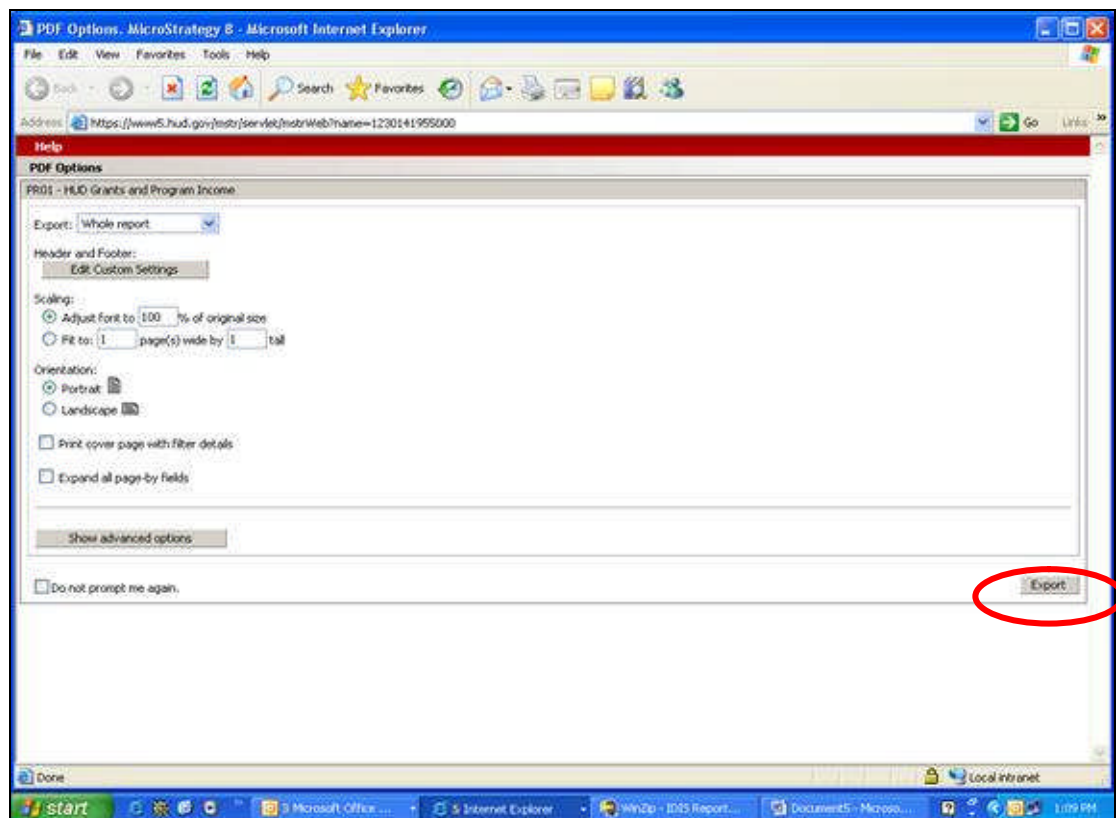

## 7.2 Export and Save to PDF

Alternatively, you can export reports to PDF by selecting the **PDF** icon as shown on the right.

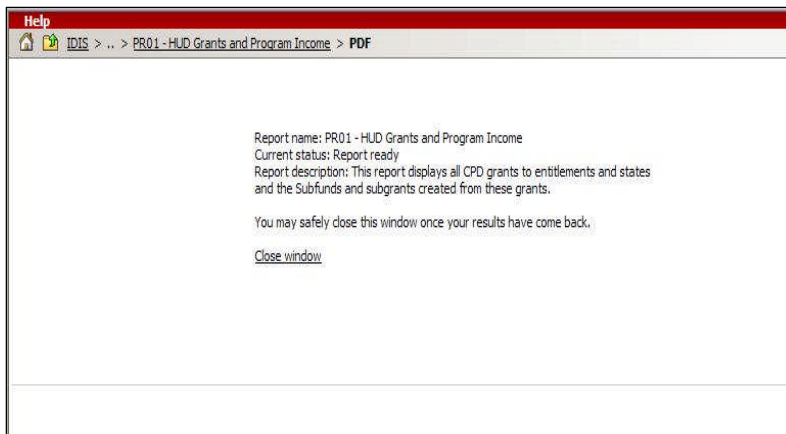

A list of export options is displayed.

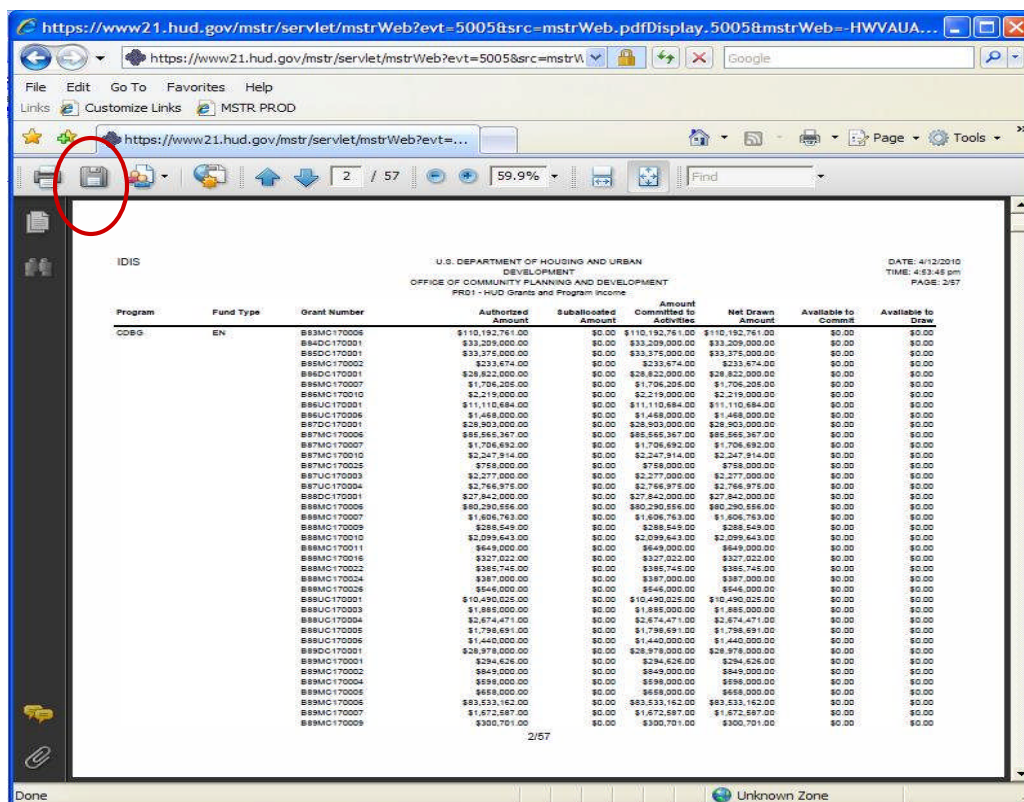

8. Select the desired options from the screen above.
9. Click the **Export** button in the lower right corner.

A transition window will appear.

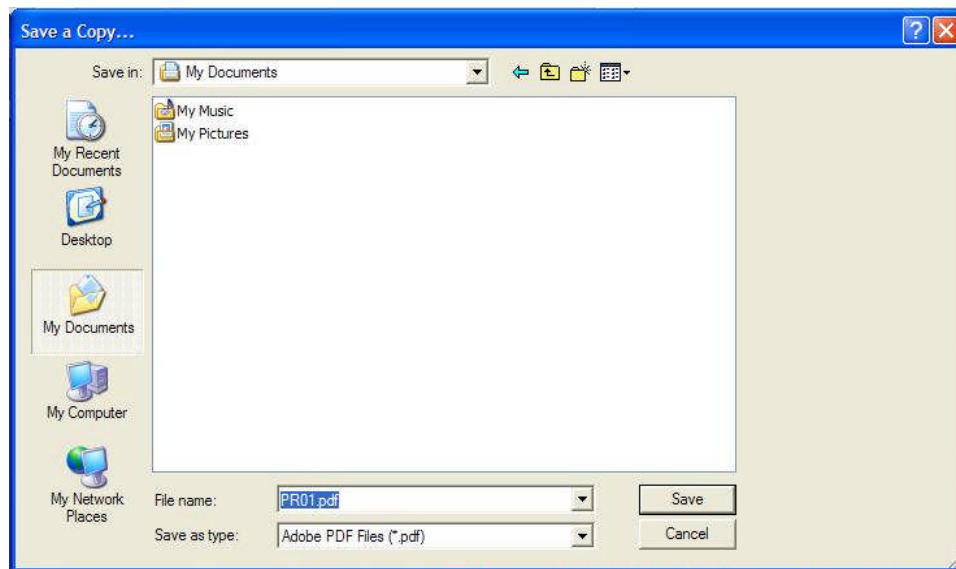

10. The PDF version of the report will be displayed in a separate window. To save the report file to your computer or other location, select the **Save** icon shown below.

11. The **Save a copy** window will open. Here you can save your report to your computer or other location.

## 8. Logging Out

Currently, when the **Logout** button is selected from within the Reports the Login screen shown in Section 2 will appear. The user will be required to re-authenticate by entering their username and password again to return to the IDIS ONLINE application.

***NOTE: The Logout feature is still under construction.***

The user also has the option of closing the Reports window by selecting the **X** in the upper right corner of the window. This option will result in the same scenario described in the above paragraph.

According to HUD policy, you will be automatically logged out of IDIS Online if your session is inactive for more than **20 minutes**. If you are running a report that takes longer than 20 minutes, save the report in your **History** folder so that you do not lose the report if your session does time out after 20 minutes.

## 9. Resolving Problems Trying to Run IDIS Reports

In this section are listed the most common problems found by users when trying to run IDIS Reports and their possible resolutions.

Please try to put them into action before calling to TAU when they apply.

If the problem persists, please provide screen shots or the error messages that are displayed and send them to the TAU. Contact the TAU at 1-877-483-8282 to receive detailed information.

**Case 1 - Grantee who had his/her password reset is still unable to log into IDIS Reports.**

Possible Resolution:

Steps:

1. Open up an Internet Explorer (IE) browser
2. On the toolbar click -> Tools -> Internet Options ->

There should be something on the General tab labeled as "Browsing History".

3. Please click on delete -> click ok/delete to choose default options.

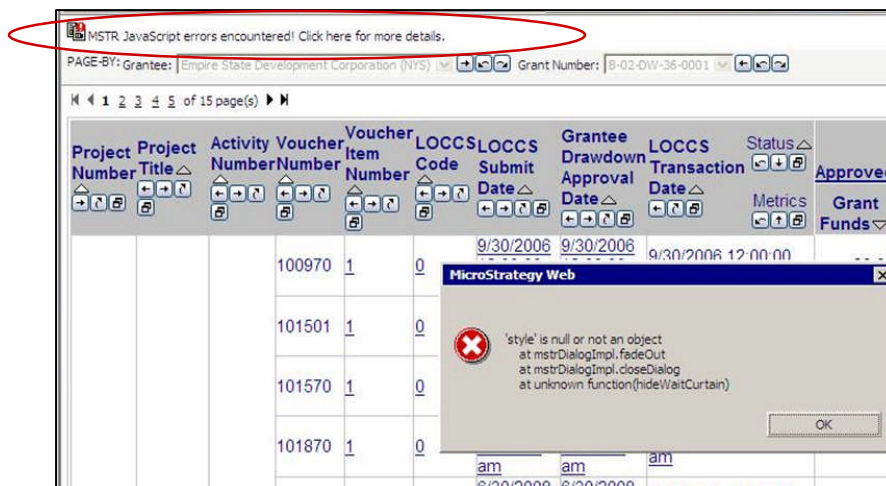

In this step you are deleting temporary files, history, cookies, saved passwords, and web information.

4. Wait until all items have been deleted, and then close out of all browsers (including this browser).
5. Once again open up an IE browser and test your access one more time.

**Case 2 - User receives the following error using Internet Explorer (IE) 8\*\*:**

***“MicroStrategy JavaScript error encountered! Click here for more details.”***

A pop up window shows the following:

**\*\*Note to find out if you are using IE 8 do the following:**

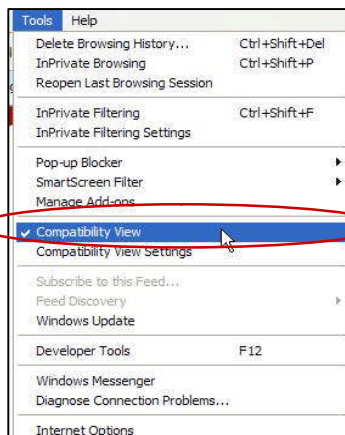

Open up an Internet Explorer (IE) Browser -> Help -> About Internet Explorer

#### Possible Resolutions:

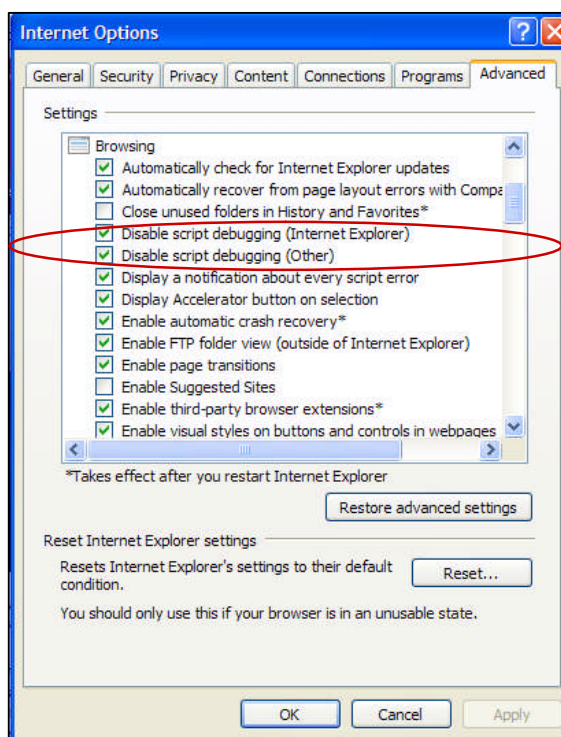

1. Check to ensure Internet Explorer (IE) Compatibility View is turned on:

a. Open up an IE Browser -> Tools -> Compatibility View -> *This should be checked off*

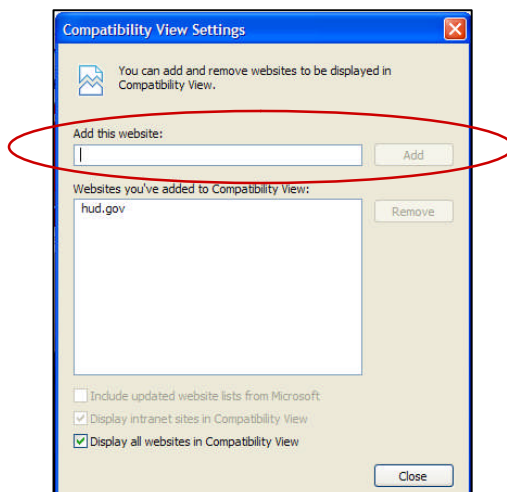

## 2. Disable 'Script Debugging (Internet Explorer) & Script Debugging (Other)' in IE:

- a. Open up an IE Browser -> Tools -> Internet Options -> Advanced Tab -> *Ensure the two items below are checked off*

## 3. Verify the IE Compatibility settings are properly set:

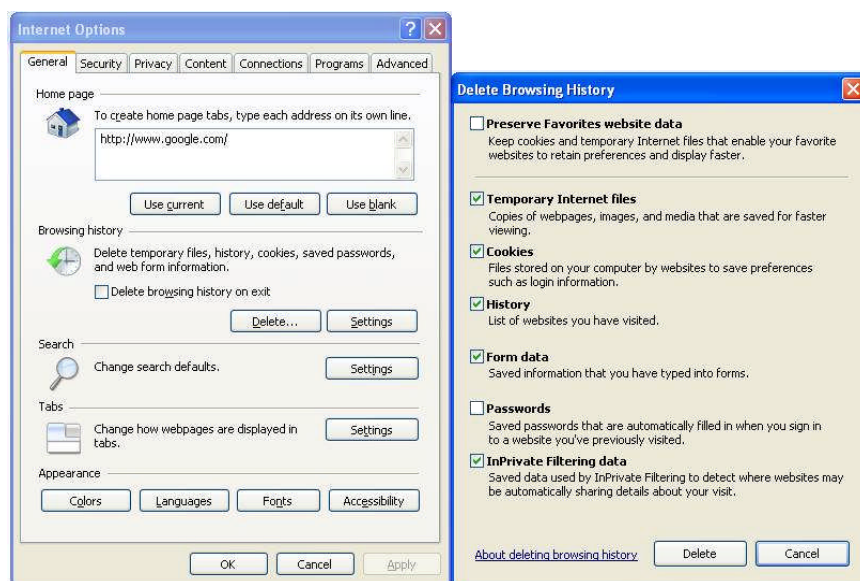

- a. Open up an IE Browser -> Tools -> Compatibility View Settings ->
- i. Under 'Add this website' write 'hud.gov' (without quotes)
  - ii. Click Add
  - iii. Check 'Display all websites in Compatibility View'
  - iv. Click Close

#### 4. Purge the IE Browser History Cache:

- a. Open up an IE Browser -> Tools -> Internet Options ->
  - i. Click 'Delete' under General Tab
  - ii. Click all five categories as shown below
  - iii. Click 'Delete' as shown below

**\*\*Note:** You may have to wait a few minutes for this to complete. Close out of all browsers once completed and then go back into IE and re-test.

## 10. IDIS Reports

All IDIS reports are organized in folders. Inside each folder you can find at least one report. The report(s) can be: Grid Report(s) or Document Report(s). (Refer to Section 5 for type of reports).

This section shows the 64 folders with their corresponding reports available in IDIS. You will also find the report type, report description, run time parameters and sorting sequence for each report.

Due to space limitations, only a portion of each report's output is shown.

### Ad-hoc Report Module

The IDIS Ad-hoc report module allows users to define and generate report queries on-the-fly by selecting from various buckets of objects and filters.

**NOTE:** Only users who have been granted the “ad-hoc” privilege in IDIS Online will be able to see and use this functionality. If you need access to the Ad-hoc Report Module please contact your Help Desk representative.

#### Folder Content

The Ad-hoc folder contains a report generator screen which must first be filled out by the user before the report is executed. Below is a screenshot of the Ad-hoc design view along with several objects that have been selected to generate the report.

The screenshot displays the 'IDIS Online Ad-hoc Report Generator' interface. The top navigation bar includes links for 'Shared Reports', 'My Reports', 'Create Report', 'History List', 'Preferences', 'Search', 'Help', and 'Logout'. The breadcrumb trail shows 'IDIS > Shared Reports > Ad-hoc Report Module > IDIS Online Ad-hoc Report Generator'.

**PR03 – Main BOSMAC Report****Report Type:**

Grid Report (Refer to Section 5 for types of reports).

**Description:**

The PR03 Main BOSMAC Report mimics the report that BOSMAC in legacy IDIS used to produce. After you had that report from the legacy IDIS BOSMAC, there were then tabs at the

bottom of the spreadsheet that allowed you to produce a spreadsheet for the data in a cell of the main BOSMAC report (which used to go by the name of CAPER). In the current report, you have to click on the column header or the number in a cell to create the spreadsheet that gives the detail behind the number in the cell (See Report PR03 BOSMAC No.2 below). The BOSMAC report has run this way for all grantees since our 9/24/10 release. You can reach all columns by clicking the left and/or right arrows seen on the Report PR03 BOSMAC View No. 1.

This report provides the next information:

### PR 13 – CDBG Float-Funded Activities

**Report Type:**

Document Report (Refer to Section 5 for type of reports).

**Description:**

This report provides information on CDBG activities that were identified as being “float-funded”.

Float funding is a technique based on the premise that some activities do not require funds immediately and that a recipient’s unexpended CDBG funds will contain a balance (the float) that can be used on a temporary basis to fund other activities. Activities financed with float loans must generate a sufficient level of program income within an established time frame to enable the grantee to carry out the activities that were initially programmed. (See Report PR13 View No.1 below).

Activities that have been cancelled without any draws are not included in the report.

- **Run-Time Parameters**

1. Select from the Prompted Grantee Hierarchy: Headquarters (HQ), Field Office (FO) or Grantee. (Refer to Section 3 for running a report).
2. Optional: You can select a specific Agency Tag, Funding Agency and/or Program Year from the Grouping section after you run your report. By default the (All) selection has been made from the drop down boxes.

On the top left side of the window, over the report results, you will find the “Grouping” section (See Report PR13 View No.2 below). You have the option to narrow your report results by choosing a specific Agency Tag, Funding Agency and/or Program Year. The report will show the results at the level of detail selected in the “Grouping” section.

- **Sort Sequence**

### PR 15 – Cost per HOME-Assisted Unit/Family

**Report Type:**

Document Report (Refer to Section 5 for type of reports).

**Description:**

It is divided into two sections:

All Years – Commitments

All Years – Completions

For all but TBRA, an activity is in the Completions section only if its status is “Complete”; otherwise it is included in the Commitments section. A TBRA activity is included in Completions if money has been disbursed; otherwise, it is included in Commitments.

Within each section, reporting is by these activity types: New Construction Only, Rehab Only, Acquisition Only, Acquisition & Rehabilitation, Acquisition & New Construction, TBRA. (See Report PR15 View No.1 below)

- **Run-Time Parameters**

1. Select from the Prompted Grantee Hierarchy: Headquarters (HQ), Field Office (FO) or Grantee. (Refer to Section 3 for running a report).
2. Optional: You can select a specific Agency Tag, Funding Agency and/or Activity Category from the Grouping section after you run your report. By default the (All) selection has been made from the drop down boxes.

On the top left side of the window, over the report results, you will find the “Grouping” section. You have the option to narrow your report results by choosing a specific Agency Tag, Funding

Agency and/or Activity Category. The report will show the results at the level of detail selected in the "Grouping" section. (See Report PR15 View No.2 below)

- **Sort Sequence**

For all but TBRA, assignment of an activity to a particular type is first by the Activity Type code. Activities that have had TBRA-specific information entered on the HOME TBRA set up screen are included in the last category.

### PR 26 – CDBG Financial Summary Report

**Report Type:**

**Description:**

This report tracks the grantee's CDBG financial actions for a grant during the Program Year. The report combines data from the IDIS system plus data provided by the grantee through a parameter screen. (See Report PR26 View No.1 below).

The report contains five categories:

Summary of CDBG Resources. Identifies the funds available to the grantee.

Summary of CDBG Expenditures. Identifies funds the grantee spent.

Low/Mod Benefit. Identifies the low/moderate income beneficiaries of grantee activities. Also provides data on low/mod benefit for multi-year certifications.

Public Service Cap Calculation. Identifies the calculations used to determine the cap (limit) on funds obligated for public service activities.

Planning and Program Administration Cap Calculation. Identifies the calculations used to determine the cap on funds obligated for planning and administration.

Details for lines 17, 18 and 19 are also included in this report under the CDBG Financial Summary Data (See Report PR26 View No.2 below).

## PR 56 – Historical Period – FO Only

**Report Type:**

Document Report (Refer to Section 5 for type of reports).

**Description:**

The Historical Report provides the unadjusted 60-day drawdown ratio for grantees for the most recent five-year period. IDIS properly calculates the current timeliness ratio with the following exception: if the grantee revised a voucher since the last timeliness test -- that was originally paid before the test -- the Timeliness Report treats the voucher as paid on the revised date, not the original date. In this case the report calculates a ratio that is slightly higher than the correct ratio. (See Report PR56b View No.1 below).

- Run-Time Parameters**

1. Select from the Prompted Grantee Hierarchy: Headquarters (HQ), Field Office (FO) (Refer to Section 3 for running a report).

### PR57 - CDBG State Timely Award of Funds

**Report Type:**

Document Report (Refer to Section 5 for type of reports).

**Description:**

This report is used by states as an indicator of funds status toward meeting the timely distribution requirement. Neither HUD nor the state should use the report as the final determination of timeliness.

The report shows the amount funded from the grant in question. The report is useful only on or before the timeliness due date, which is 15 months after the state signs the grant agreement (the grant award date in IDIS). Not all announced obligations are funded to activities in IDIS and some funded activities may be cancelled or unfunded and are not reflected in the report. The states need to supplement the report from their own records to establish compliance with the timeliness standard. HUD recognizes that, if the report is run after the timeliness date, funding actions taken subsequent to that date will be included. Field offices and states are alerted by HUD headquarters when to run the report within the timeliness period (See Report PR57 View No.1 below)
